

Laundry 2009 – 2010

New This Year!! All residential students receive a laundry credit included in their Room and Board fees. Green Village residents have washers and dryers in their units, all other residential students have access to washers and dryers throughout the campus that can be accessed via your Sweet Briar Card.

To utilize this service, you just need your new Sweet Briar Card.

- **Note:** All students will be receiving a new Sweet Briar Card this Fall providing contactless door access. Old Sweet Briar ID cards will be de-activated once you receive your new card. **Continue using your current (old) card until you receive your new Sweet Briar Card.**

Load the washers and dryers with your laundry as you normally would. Then, swipe your ID card in the nearby reader. All you have to do now is sit back, study, and wait for the cycle to run.

Each resident student now has a “Laundry Account” similar to your meal plan account. This account has been set up to provide enough money to ensure 5 laundry cycles per week for each 16-week semester. Each time you swipe your card to activate any washer or dryer, your laundry account will be debited for the amount equal to the cash price required to run a cycle.

The funds provided for laundry cannot be used for other campus purchases, they do not carry over to future terms, nor are they refundable. To check your Laundry Account balance, go to www.sweetbriarcard.com, Click My Account and Log In.

Once your Laundry Account balance is depleted, the system will automatically begin using your SweetCash account for additional laundry cycles.
